Germain Street PTA Petition to Keep Plant Manager Dorothy Allison

Summary	The LAUSD has proposed removing plant managers from many school campuses effective school year 2010/11. Dorothy Allison is vitally important to the safety, health and well-being of our kids, and to the continuity of the classroom environment. Dorothy has been with Germain Street Elementary longer than nearly any other staff member. She also sits as an elected member on the Neighborhood Council, representing our school's needs to the community. Thanks to her efforts, our school has been awarded council grants from the community. She routinely volunteers time to the school beyond her paid hours and runs an on-campus recycling program with the kids. Her proven hard-work enhances our children's health, safety and education.
Action	Germain St. Elementary School families, friends, staff and neighbors hereby petition the LAUSD to retain and solely-employ our full-time Plant Manager, Dorothy Allison, during school hours.
